

# SUJI FALCON

+19294093727 | suji.falcon@gmail.com | New York, NY, USA | linkedin.com/in/vvsuji | github.com/vvsuji | vvsuji.dev/

## EDUCATION

**Western Governors University**  
*Bachelor's, Computer Science*

**December 2023 - December 2024**  
*GPA: 3.8*

## PROFESSIONAL EXPERIENCE

### General Assembly

*Lead Software Engineer Instructor*

**New York, NY, USA**

*January 2023 - Present*

- Spearheaded the development of a rigorous full-stack software engineering bootcamp curriculum, highlighting essential concepts such as Object-Oriented Programming, Data Structures, and Algorithms, with a focus on practical applications in JavaScript, Node.js, React.js, HTML, CSS, and modern web technologies.
- Ensured student success by providing tailored technical support and advocating best practices in backend development, database management, and serverless architectures, leveraging AWS services like Lambda and DynamoDB to facilitate high-performance web applications.

### Samsung

*IT Systems Management*

**New York, NY, USA**

*October 2021 - September 2022*

- Engineered and deployed a high-availability AWS infrastructure using DynamoDB, Lambda, and Node.js, significantly enhancing data security and access control mechanisms.
- Played a key role in the lifecycle management of web applications, employing cutting-edge technologies such as React.js, Node.js, and JavaScript to elevate user interface and experience.

### Minkys

*Product Manager*

**Lehi, UT, USA**

*March 2021 - March 2022*

- Oversaw the enhancement of Shopify e-commerce platform, leading to notable improvements in user interface, experience, and frontend design through adept use of HTML, CSS, and JavaScript.
- Strategically managed product offerings for key industry conventions, ensuring optimal inventory availability and seamless backend support for e-commerce operations.
- Navigated supply chain challenges to maintain uninterrupted product availability, reinforcing database integrity and inventory management.

### Verizon Communications

*Account Manager*

**Tampa, FL, USA**

*July 2019 - September 2020*

- Directed a team of 20 sales professionals, achieving a remarkable 25% growth in revenue through strategic leadership and team empowerment.
- Implemented iQmetrix technology solutions to revamp inventory management processes, enhancing product lifecycle management and inventory accuracy.
- Leveraged advanced data analytics to uncover sales trends, driving informed strategic decisions and maximizing sales effectiveness.

## PROJECTS & OUTSIDE EXPERIENCE

### We Got Food @ Home

*Lead*

**New York, NY, USA**

*March 2023 - March 2023*

- Gamification app utilizing the GPT-4 API to incentivize users to cook at home by inputting ingredients and outputting relevant recipes.
- [Link to project](#)

### Legendary Slayers

*Lead*

**New York, NY, USA**

*November 2022 - November 2022*

- Full CRUD reimagination of the League of Legends website.
- [Link to project](#)

## SKILLS
